This is the abstract template for QSCP 2014. Please follow the layout specified here. Use New Times Roman font. The title is in 16 points font size and bold, the author (authors) is in 13 points font and all other text is in 12 points font. The original page size should be set to A4 (210 by 297 mm). The margins should be 2.5 cm on all edges. The text must be justified. The abstract must fit on one page. References are cited in text like this [1]. The references are given in the format used by the Journal Progress in Theoretical Chemistry and Physics as shown below. Formulas are shown in the center of the page as is shown here. If the formulas need to be numbered the numbers should be placed to the right in parentheses. Formula (1) shows the structure of imidazol. The same applies to mathematical formulas. **E-mail**
